

Assignment 4**Due Date: May.12.2020**

Using the header file **MyArray.h**

Type the implementation file **MyArray.cpp**, and a **test file** to test the functionality of the class.

Hint: read all the explanations in the header with attention.

- Submit your .cpp codes, and single screen image for your run in one zipped folder.
- A suitable name for the folder can be KOM3550_YourName_YourNumber_Assignment4.{zip/rar}. Write a relevant title for the email you are sending. KOM3550_YourName_YourNumber_Assignment4 is a good option.

Dr Muharrem Mercimek
